

Karl Heil
Project Engineer
President - Board of Trustees
2019-2021

Karl Heil received a bachelor's degree from The University of Toledo in Mechanical Engineering, as well as a minor in Business Administration. While at The Babcock & Wilcox Company, Karl has served in several engineering roles including performance, design and field engineering support. In his current role as a Project Engineer, he coordinates internal engineering activities along with interfacing with customers and suppliers.

Karl is the husband of a former CMS employee and the parent of two former CMS students. He has also been an active member of the CMS community for many years. Seeing his own children thrive at CMS solidified the value of Montessori education and his dedication to the school.
